

# ENROLL IN THE MOOC

## Open Call for Participants

**Become a Multifunctionality Technician with the *My Farm* Project!**

**Are you a farmer, rural professional, or a student or graduate in agriculture or environmental sciences?**

Do you want to **learn by doing** and apply your knowledge directly on **real farms**?

The **My Farm project** invites motivated participants to join a **FREE Online Course (MOOC)**, combined with **hands-on Work-Based Learning**.

Participants who **successfully complete the full MOOC** will take part in **practical learning activities on real farms** and develop skills to act as **Multifunctionality Technicians**.

**THE MOOC WILL BE LAUNCHED SOON! RESERVE YOUR PARTICIPATION!**

### What Is the My Farm Course?

The MOOC is based on **innovation in multifunctional agriculture, sustainability, and real-world farm practices**.

It combines **business skills, environmental solutions, and hands-on learning** to prepare participants as Multifunctionality Technicians.

Designed to provide and strengthen knowledge and practical skills in **farm management, multi functionality techniques, and work-based learning** methodologies, the course will be available online and organised into **four learning modules**.

**MOOC Duration:** 200 hours study material + 50h practical assignment

### Who Can Apply?

- **Farmers and agricultural entrepreneurs**
- **Students and young graduates** in agriculture, environmental sciences, rural development, sustainability, or related fields
- **Rural development professionals, advisors, educators, and trainers**
- **Members of rural communities and cooperatives**

# ENROLL IN THE MOOC

- **Adult learners or professionals in career transition**

## What Will You Gain?

Participants who **complete the full MOOC** will:

- Gain **Advanced knowledge in multifunctional agriculture and farm management**
- Develop the skills to **assess farm multifunctionality and propose improvements**
- Take part in **Work-Based Learning activities on real local farms**
- Apply your learning through **consultancy activities and farm evaluations**
- Be recognised as a **Multifunctionality Technician**, capable of applying these methods in professional contexts

This hands-on phase is a **core part of the programme**, bridging theory and real agricultural practice.

## How to Apply

To apply, complete the **online application form (Google Form)** available via the project website and partner channels.

Each partner country provides its own application form.
